

## Customized Li Ion Battery Pack 24V 36V 48V 60V 72V 10Ah 20Ah 30Ah 40Ah Lithium Ion Electric Scooter Battery

### Our Product Introduction

for more products please visit us on [enookbattery.com](http://enookbattery.com)

#### Basic Information

- Place of Origin: China
- Brand Name: enook
- Model Number: electric scooter battery 36v

#### Product Specification

- Features: Deep Cycle Battery 48V
- Voltage: 36V
- Cycle Life: 1500cycle (100%DOD) 2000cycle (80%DOD) 3000cycle (60%DOD)
- Weight: Customized
- Battery Type: Lithium Battery
- Application: Electric Bike E Batterys Scooter
- Certifications: CE, RoHS, UN38.3
- Type: Li-Ion
- Highlight: Li Ion Battery Pack 24V,  
Lithium Ion Electric Scooter Battery

#### Products Description

#### Welcome OEM

- "Customized" battery voltage, capacity, size and case.
- "Customized" BMS charging and discharging current, balance function with communication protocol, etc.
- "Customized" connect plug and socket, cable, waterproof
- "Customized" special battery packs for any applications

#### QUALITY

Authoritative review  
CE, UL, SGS, FCC, ROHS,  
and ISO9001:2000  
certified

#### EXPERIENCE

We have been in lithium  
battery pack for more  
than 10 years

#### EQUIPMENT

We use high quality cells,  
18650 26650 21700  
LifePO4 A grade

#### More Images

Working Voltage	Nominal	48.1	V
Nominal Capacity	48Ah	54.6	V 48 V
Battery Power	25°C	1920	Wh (100% DOD @ 0.5C rate)
	-10°C	1500	Wh (100% DOD @ 0.5C rate)
Operation Temperature Range		-10°C ~ 50°C	
Continuous Charge Current		15A TBD	
Max Charge Current		25A TBD	
Continuous Discharge Current		35A TBD	
Max Continuous Discharge Current		30A TBD	
Pack Discharge Current		50A (at 1s) TBD	
Storage Temperature Range		-10~35°C	
Weight		53KG	
Self-discharge		30 days 5% in 25°C	
Max Continuous Discharge Current		-10°C 50°C	

We will different cells for different applications.

#### Features

- 01 Intelligent Battery Pack Design
- 02 Environmentally Friendly Chemistry, Pollution Free, non-polluting
- 03 High Energy Density, High Power Density
- 04 No Fire, No explosion, No leakage
- 05 Strictly closed discharge workshop, securing high quality
- 06 Excellent Cycle Life, chargeable up to 500 or 1000 times

## Product Description

### Product Description:

#### E Scooter Battery

E Scooter Battery is a high-quality and efficient power source for electric bikes and scooters. With a deep cycle battery and a voltage of 48V, it provides long-lasting and reliable power for your ride.

Our battery is made with advanced lithium-ion technology, ensuring a safe and stable performance. It has a voltage of 36V, making it suitable for various electric bikes and scooters.

Designed specifically for electric bikes and scooters, our Li-Ion battery has a high energy density and can be recharged multiple times without losing capacity. This makes it a cost-effective and sustainable choice for your transportation needs.

The deep cycle feature of our battery allows for a longer lifespan and consistent performance. This means you can ride longer and farther without worrying about your battery running out of power.

E Scooter Battery is easy to install and maintain, making it a hassle-free solution for your electric bike or scooter. It is also lightweight and compact, allowing for easy portability and storage.

With our electric scooter battery 48v, you can enjoy a powerful and efficient ride. It is perfect for those who require a higher voltage for their electric vehicles. And for those who need a lower voltage, our electric scooter battery 36v is also available.

Upgrade your electric bike or scooter with our lithium ion electric scooter battery. Experience a smoother and more enjoyable ride with longer battery life and consistent performance. Choose E Scooter Battery for your electric transportation needs.

## Features:

E Scooter Battery Product Features:

Product Name: E Scooter Battery

Voltage/Capacity: 12V 24V 36V 48V 60V 72V 45Ah

Voltage: 36V

Chemistry: Lithium-ion

Cycle life: 1500cycle (100%DOD) 2000cycle (80%DOD) 3000cycle (60%DOD)

Certifications: CE, RoHS, UN38.3

Key Features:

Electric scooter battery with a wide range of voltage options including 12V, 24V, 36V, 48V, 60V, and 72V.

High capacity battery with 45Ah for long-lasting power.

Specifically designed for electric scooters, providing reliable and efficient energy for your ride.

Lithium-ion chemistry for a lightweight and compact battery design.

Long cycle life of 1500 cycles at 100% depth of discharge (DOD), 2000 cycles at 80% DOD, and 3000 cycles at 60% DOD.

Comes with certifications including CE, RoHS, and UN38.3 for quality and safety assurance.

Perfect for use with 48V electric scooters, especially those with 2000W motor power.

## Features

- 01** Intelligent Battery Pack Design
- 02** Environmental Friendly Chemistry, Pollution-free;non-polluting
- 03** High Energy Density,High Power Density
- 04** No fire, No explosion, No leakage
- 05** Wholly closed dust-free workshops, securing high quality
- 06** Excellent Cycle Life,chargeable up to 1000 or 6000 times

## Applications:

Introducing enook Electric Scooter Battery - The Perfect Power Source for Your E-Scooter

Brand: enook

Model: Electric Scooter Battery 36V

Place of Origin: China

Features: Deep Cycle Battery 48V

Voltage: 36V

Certifications: CE, RoHS, UN38.3

Are you tired of constantly running out of power while riding your electric scooter? Look no further, because enook has the perfect solution for you - the enook Electric Scooter Battery!

Application: Electric Bike E Battery Scooter

Designed specifically for electric scooters, the enook Electric Scooter Battery is the ideal power source for any rider. With a voltage of 36V, it provides the perfect amount of power to keep your scooter running smoothly and efficiently. With its deep cycle battery 48V feature, you can rely on this battery to provide long-lasting power, ensuring you can ride for extended periods without worrying about recharging.

The enook Electric Scooter Battery is not only powerful, but also safe. It has been certified by CE, RoHS, and UN38.3, ensuring that it meets all safety standards. You can ride with peace of mind, knowing that your battery is of the highest quality and has gone through rigorous testing.

With a cycle life of 1500 cycles at 100% depth of discharge, 2000 cycles at 80% depth of discharge, and 3000 cycles at 60% depth of discharge, the enook Electric Scooter Battery is built to last. You can rely on it to provide consistent and reliable power for your electric scooter for a long time.

So why choose enook for your electric scooter battery needs? Not only do we offer high-quality products, but we also provide exceptional customer service. Our team is dedicated to ensuring that you have the best experience with our products, and we are always available to answer any questions or concerns you may have.

Don't let a weak battery hold you back from enjoying your electric scooter. Upgrade to the enook Electric Scooter Battery and experience the difference in performance and convenience. Order yours today and join the growing community of satisfied enook customers!

Product Keywords: electric scooter battery 36v, electric scooter battery 48v, electric scooter battery 48v 20ah, enook electric scooter battery, CE, RoHS, UN38.3, deep cycle battery 48v, 36v e scooter battery, electric bike e battery scooter

**Customization:**

Customized Service for enook Electric Scooter Battery

Brand Name: enook  
Model Number: electric scooter battery 36v  
Place of Origin: China  
Voltage/Capacity: 12V 24V 36V 48V 60V 72V 45Ah  
Certifications: CE, RoHS, UN38.3  
Chemistry: Lithium-ion  
Type: Li-Ion  
Battery Type: Lithium Battery

Our customized service for enook electric scooter battery offers a wide range of options to meet your specific needs. We understand that every customer has unique requirements, so we provide a variety of choices to ensure that our battery meets your expectations. Our electric scooter battery 36v is designed to provide long-lasting power for your scooter. Made with high-quality lithium-ion cells, our battery offers reliable and efficient performance for your daily use.

With our rechargeable scooter battery, you can enjoy the convenience of easily replacing your old battery and extending the lifespan of your scooter. Our battery is compatible with most electric scooter models, making it a perfect choice for any scooter owner.

As a trusted brand, enook battery has obtained CE, RoHS, and UN38.3 certifications, ensuring the safety and quality of our products. Rest assured that you are getting a reliable and high-performing battery for your electric scooter.

Choose enook for your lithium ion electric scooter battery needs and experience the convenience, reliability, and safety that our customized service offers. Contact us now to learn more about our products and services.

## Applications

### Our products have a very widely range of use

**A**

The battery pack can be used in electronic vehicles, tricycles, ebike, solar energy storage system, camper, cans, electronic boat, marine ship etc.,

**E-Scooter**

**Balance E-scooter**

**E-Bike**

**E-Motorcycle**

**Golf Cart**

**RC Drone**

**Solar Street Light**

**SolarWind Energy**

**Mobile Headlight**

**Waterpump**

**Power Tools**

**Stereo Set**

**B**

We use high quality cells, such as 18650 21700 or Lifepo4 batteries, we use different cells for different applications

**C**

We have been in lithium battery pack for more than 10 years and know how to provide you the right solution for you. Just let us know your detail application and request then we will choose the best solution for you.

### Packing and Shipping:

Packaging and Shipping of E Scooter Battery

Our E Scooter Battery comes with secure packaging to ensure safe delivery to our customers. The battery is carefully wrapped in protective materials and placed in a sturdy box to prevent any damage during transportation.

The package also includes a user manual and necessary tools for installation. Our team ensures that the battery is packaged with care and attention to detail to provide the best experience for our customers.

We offer various shipping options to cater to the needs of our customers. Our standard shipping method is through reputable carriers such as UPS, FedEx, and DHL. Customers can also choose expedited shipping for faster delivery.

For international orders, we comply with all customs regulations and provide all necessary documentation for a smooth delivery. We also offer tracking services for customers to monitor their package's delivery status.

At E Scooter Battery, we prioritize the safe and timely delivery of our products to our customers. Our packaging and shipping processes are designed to ensure that our customers receive their batteries in perfect condition.

## PACKAGING

### PACKAGING

### Shipping by

**Professional suggestion to choose the best shipping delivery (Such as EMS DHL TNT UPS and FEDEX) for your commodities according to your demand.**

## Company Introduction

ChangSha Enook Technology Co., Ltd located is an outstanding solution service provider in Lithium Battery Management System(BMS) industry, focusing on the R&D, design, production and sales of Apexium DIY kits, BMS and batteries for more than 15 years. With its strength, it can provide customers with first-class software and hardware development and after-sales services.

Quality first is our principle, Satisfying all our customers is our tenet, win-win business is our aim. Dedicated to strict quality control and thoughtful customer service, our

experienced staff members are always available to discuss each detailed requirements from customer and ensure full customer satisfaction.

In addition, we have obtained certificates. MSDS, UN38.3, MSDS, ROHS, UL, etc. All our products keep selling well not only around China, but also in USA, Philippines, Germany, England, Australia, Russia, France and other European and Asia countries. Fast delivery is one of our advantages; selecting a current product from catalogue, or customized products, 3~5 days is the normal time to prepare for the goods. OEM & ODM orders can be acceptable.

Please don't hesitate to contact us if you have any requirement, we'll provide our best service to you.

## FAQ

### Q1: When are you available?

A1: 24 hours online every day, messages will be replied once received.

### Q2: What's your main products?

A2: Lithium battery, Lipo battery, LiFePO4 battery, battery packs, etc. For cylinder battery.

### Q3: How is the quality of the products?

A3: 1. Always provide the premium authentic products, never fake.  
2. Only provide A Grade cells

### Q4: Do you provide the OEM&ODM service?

A4: Yes, we are experienced factory can provide OEM & ODM services.

### Q5: How do we place an order?

A5: Step1. Contact us  
Step2. Confirm products you need, the price and other details  
Step3: We make PI(Proforma Invoice) for you to make payment  
Step4: Payment finished  
Step5: Payment checking by our accountant  
Step5: Products packed and shipped (tracking number will be provided once shipped out)  
Step6: Customer get the products and feedback

### Q6: What's the lead time?

A6: 1. Sample orders: 1-3 working days  
2. Bulk orders: 3-7 working days according to different quantities

quantities  
3. OEM: 7-12 working days on receipt of sample confirmation
