

LiFePO4 Lithium Ion Battery Powered Outdoor Cabinet Energy Storage With Solar Panel

Our Product Introduction

for more products please visit us on enookbattery.com

Basic Information

- Brand Name: enook
- Certification: CE ROHS FCC UN38 .3 MSDS
- Model Number: portable solar power station
- Minimum Order Quantity: 4

Product Specification

- Inverter Type: Pure Sine Wave
- Discharge Temperature: -4-113°F/-20-45°C
- Power Source: AC Adaptor, Solar Panel, Other
- Voltage: AC110~220V
- Battery: LiFePO4 Lithium Ion
- Working Humidity: 10-90%
- Keywords: Outdoor Portable Emergency Power Station
- Model: LA1000W
- Highlight: Lithium Ion Outdoor Cabinet Energy Storage, Solar Panel Outdoor Cabinet Energy Storage, LiFePO4 Outdoor Cabinet Energy Storage

Product Description

Product Description:

Featuring a LiFePO4 Lithium Ion battery, this power station can provide fast charging for a range of devices, including laptops, phones, tablets, cameras, and more. With multiple outputs, including Type C, RV Port, and Cigar Lighter, you can easily connect and power all your devices, no matter where you are.

Whether you're camping, hiking, or on a road trip, this power station can keep you powered up, thanks to its compatibility with AC Adaptor, Car, and Solar Panel power sources. With the ability to charge via solar panel, you can harness the power of the sun to keep your devices charged and ready to go, even when you're off the grid.

But this power station isn't just about functionality. It also comes with a range of special features that make it even more useful and convenient. The built-in flashlight is perfect for navigating in the dark, and the compact size and lightweight design make it easy to carry and transport.

So whether you're looking for an outdoor portable emergency power station, or simply need a reliable backup power source for your home or office, our Portable Power Station is the perfect solution. Order yours today and experience the convenience and versatility of fast charging Lifepo4 battery power!
